Hardware Quick Installation Guide
Keystone Jack

This document will guide you through the basic installation process for your new D-Link Keystone Jack.

Quick Installation Guide

About This Guide

This guide contains step-by-step instructions for using your D-Link Keystone Jack. Please note that the model you have purchased may appear slightly different from those shown in the illustrations.
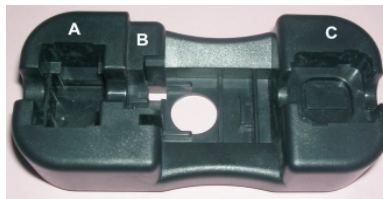

Keystone Jack Punch[1] Placement

Figure 1. Keystone Jack Punch[1]

Different types of Keystone Jacks must be placed into specific positions in the Keystone Jack Punch.[1]

A.   Place 180° Keystone Jack here.

B.   Place 90° Keystone Jack here.

C.   Place Australian Type Keystone Jack here.

1.   **2.**   **3.**

Figure 2. Keystone Jacks

Types of Keystone Jacks:
1.   180° Keystone Jack

2.   90° Keystone Jack

3.   Australian Type Keystone Jack

Installation

Figure 3.

1. Put the Keystone Jack into the punch holder in the correct position. (Figure 3)

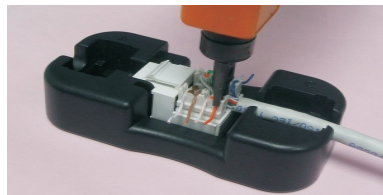

Figure 4.

2. After the Keystone Jack has been placed securely inside the punch holder, place the cable inside the Keystone Jack and use an impact tool to stamp down and connect the cable wires on the cable IDC. (Figure 4)

[1] Equipment sold separately.
